

Important MEA/CEO Standard Agreement Insurance Language Update

CEO is informing members that on the advice of our insurance and contract specialist partners some language in the current **2017 version of the MEA/CEO Client/Engineer Agreement for Professional Consulting Services** needs to be changed.

Please make sure that in your project agreements that the language in the introductory paragraph of **Section 1.11 Insurance (Page 6 of 19)** reads as follows:

*“The Client will accept the insurance coverage amount specified in this clause section (a) **OR** (b), **or whichever is applicable to the claim or** as specified in the RFP as the aggregate limit of liability of the Engineer for Clients damages.”*

To ensure appropriate insurance coverage, be sure to attach supplementary conditions to your agreement reflecting this modified language.

CEO is working with MEA to update the standard agreement to reflect this necessary change as soon as possible.
